About Us:
Uganda Christian University, Mbale University College is a regional constituent college of Uganda Christian University which was founded established in 2002 with three staff and 48 students offering only two programs, that is; Business Administration and Social Science both at degree and diploma levels. The university College which is then called UCU Mbale (Mbale State Centre) functioned by using one room and two beds to provide library, offices and lecture rooms.
The College is situated in the heart of the Eastern City of Mbale. The scenic ranges of Mt. Elgon standing tall, as the silent witnesses to its growth. The city commands a panoramic view of the cascading ranges of East Africa's 3rd tallest volcanic mountain. It neighbors Toza Region from the north, Bugwira from the west and the beautiful Kapchorwa region (home to some of the best bird sanctuaries in Uganda) in the east. The University College is multi-cultural and multi-ethnic having a student population from all over east Africa and West Africa.

Intakes | Semesters **3** a year.

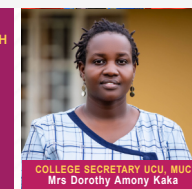

Easter (January), Trinity (May), Advent (September)

Research and Partnerships Hub:
560+ publications | 3,500+ citations | Collaborations with EU, NORHED, European & African universities | Mastercard Foundation, Mulago Hospital, URSB, and other national & global partners | UCUDIR digital repository.
